Emergency Nursing Pediatric Course

This 16 hour two day course was designed for nurses who want to learn more about the care of pediatric patients. It was developed and is operated through the national Emergency Nurses Assoc (ENA). The content was designed by the ENA, reflects national trends in care and is meant to enhance and reinforce core-level knowledge and psychomotor skills associated with pediatric nursing. Lectures occur in the AM and skill stations are held in the afternoon. A written test and skill stations must be successfully completed to pass the course. The course will be held on the Temple Univ. Hospital campus. It will run from 0800 to 1700 each day. Registration begins at 0730.

Course Content Includes but is not limited to:
- Epidemiology
- Prioritization (Assessment, Triage, Decision Making)
- Shock
- Respiratory Emergencies
- Trauma
- Child Maltreatment
- The Neonate
- The Adolescent
- Medical Emergencies
- Environmental Emergencies
- Medication Administration
- Toxicological Emergencies
- Crisis Intervention
